

PHILLIP NEWTON

Front of House Audio Engineer | A1 | System Engineer

Jacksonville, FL | (904) 673-9284 | penewton13@gmail.com | phillipnewtonaudio.com

PROFESSIONAL SUMMARY

Touring FOH and system engineer with crew-lead experience across national comedy tours, festivals, and large-format live production. Strong in FOH mixing, system deployment and verification, show execution, troubleshooting, and leading audio crews in fast-turn environments.

SELECTED EXPERIENCE

Tom Segura | FOH / SE / Crew Lead 2024–2026

- Led front-of-house mixing, system operation, and crew leadership across touring dates.

85 South | FOH / SE / Crew Lead 2024–2025

- Handled FOH mixing, system responsibilities, and crew leadership on tour.

Martin Lawrence | FOH Audio 2026

- Provided FOH audio support and show execution for touring comedy dates.

Louder Than Life | FOH / Festival Audio / SE 2026

- Mixed FOH and supported festival audio and system-engineer responsibilities.

Bourbon & Beyond | FOH / Festival Audio / SE 2026

- Mixed FOH and supported festival audio and system-engineer responsibilities.

Clair Global / Jacksonville Jaguars | d&b; Speaker Installation / Game-Day Deployment 2026

- Supported d&b; loudspeaker installation, deployment, and game-day audio operations.

TECHNICAL STRENGTHS

- Consoles: Avid S6L, DiGiCo SD/Quantum, Allen & Heath dLive, Yamaha digital, and Midas platforms.
- Systems: L-Acoustics deployment and operation, system verification, measurement workflow, and d&b; deployment support.
- Playback / Networking: QLab, Dante Level 1, digital audio transport, plugin integration, and fault isolation.
- Environments: arena, theater, festival, sports/stadium, corporate, and fast-turn touring workflows.

CERTIFICATIONS & DEVELOPMENT

L-Acoustics certifications: Sub Low Frequencies (2026); Loudspeaker System Calibration, Variable Curvature Line Course, Soundvision, and L2 System (2025); K1 System; K2 System; System & Workflow; M1/P1 Measurement & Tuning; Drive System.

Dante Level 1 (2026). Ongoing development: AVIXA Networking Technology, AVoIP Foundations, Elements of Setup and Verification, and ANP preparation.
